A Low Water Surcharge is coming up for Manaus, BR shipments

A Low Water Surcharge for cargo transported to and from Manaus, BR is coming up. The Low Water Surcharge will be effective from August 10, 2024, and is valid until further notice.

This surcharge is necessary to offset the increased costs and operational complexities associated with navigating the low water conditions on the Amazonas River.

The details of this surcharge are listed below for your reference:

- Effective date: August 10, 2024
- USD 4800 per container
