Termination of Partner Agreement – Forwardair, Tanzania

Dear Colleagues,

Please be informed that our Partnership with Forwardair in Tanzania has been terminated effective 31 December 2024.

Operational teams are requested to avoid transactions that entail invoices to Forwardair which are expected beyond the time of termination.

National and regional A/R teams are requested to intensify collection of outstandings. Please consider withholding of payments to Tanzania in case the balance is in favor of DB Schenker.

Details regarding the new set up in Tanzania will be communicated in due course.

Thank you for your cooperation.

Kind regards,
